Mr. Christopher Ferguson
Dracut Cable Advisory Committee
62 Arlington Street
Dracut, Massachusetts 01826

CATV
Comm
Dracut

Dear Mr. Ferguson:

Thank you for your inquiry into the possible deployment of FiOS in the Town of Dracut, Massachusetts.

Verizon is taking a pause in our FiOS expansion in order to focus upon meeting all of our current contractual obligations in building out FiOS network in communities where we are current licensed. Those local franchise agreements are provisioned upon offering FiOS to the entire community within a stated period.

We are, however, pleased that communities such as Dracut have expressed strong support for FiOS television.

Once again, thank you for sharing your thoughts.

Sincerely,

A handwritten signature in black ink, appearing to read "Stan Usovicz", with a long, sweeping horizontal line extending to the right.
